KEVIN FENN

It was a tragic accident that happened so suddenly last summer. A life was lost when it had hardly started. Kevin Fenn was sixteen years old.

A friendship takes a long time to grow. I knew Kevin for two brief years. I can only tell of what I found in Kevin's character in that time. We both shared the same interests in music and sports. He was a reliable friend and a good companion.

No matter how short or long a person's stay on earth may be, the memory of that person is determined by what he was to himself and how he touched others. Although Kevin's death saddened us, his memory gladdens us. He shared with us his talents, wit, intelligence, and good humour.

Kevin would have been one of the first to recognize the words of a popular song by Pete Seeger, "There is a time to live and a time to die". When a young life is taken we tend to question our faith in God. We, as Christians, must be strong and set an example for those who find it difficult to believe.

Mike Reynolds, Gr. 11

What's Been Happening

Dan looks optimistically to the future. Project 77 and apple sales are well off the ground. Student President Jim Cafieh and moderator Fr. Ronan check out the programme.
Fr. Zinger's candy sales seem promising.
Fr. Hibberd's auction is another winner.

Falling leaves are no problem for our maintenance crew.
Sweater sales look to a trip west.
Football and Academics provide a ground for friendly relationships.
Basketballers check out Volleyballers.
. . . but many of us just stand back and watch!

Listen to the Music

To help us dance, to help us think.
OCTAVIAN invited dance, GEN invited thought.
We listened to OCTAVIAN and we heard the GEN.
Did we dance or think much?

Hallowe'en Grub Day

Costumes are for Carnivals and stages. Costumes are for celebrations. Do masks and costumes hide or reveal?

IT ALL STARTED JUST ABOUT HERE.

entrance to store (left) and tower (right)

Over a hundred years ago, Timothy Eaton opened the small shop that grew into a coast-to-coast network. And now, just a few yards from where he began, the new Toronto Eaton Centre is rapidly rising, destined to become the vital centre of Canada's fastest growing city.

The store is based on solid foundations, not only of concrete and steel, but of the service and integrity that epitomized the first Eaton store.

Eaton's — proud to be growing with Canada.

WHY SMITH-CORONA IS THE WORLD'S BEST SELLING PORTABLE.

There are at least 15 brands of portable typewriters on the market.

This year, like the last ten years, more people will buy a Smith-Corona than any other brand.

Here are just five among many important reasons why:

THE TYPEWRITER WITH A HOLE

When we designed our cartridge, we re-designed our typewriters.

In place of spool cups, posts, reversing levers, ribbon guides and messy ribbons there's a hole.

The hole is for our cartridges.

Next to the hole is a lever. Depress the lever and the cartridge pops out. In three seconds, just by inserting a new cartridge, you can change a ribbon without getting your fingers dirty.

FIVE COLOURS

Cartridges come in black, red, blue, green, and brown. If you're typing along in black, but you want to type a line in red for emphasis, snap out the black cartridge and snap in the red cartridge.

In just three seconds you can see red!

CORRECTS MISTAKES IN 10 SECONDS

The hole also accommodates a correcting cartridge. So when you make a mistake, you can snap out the typing cartridge, snap in the correcting cartridge, type over the mistake, snap the typing cartridge back in and correct the mistake in ten seconds or less.

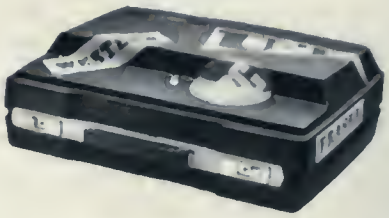
NYLON
FILM

EXECUTIVE-LOOKING CORRESPONDENCE

The Smith-Corona electric portable with a film ribbon will give you the sharpest typing image of any portable.

So when you want to type a letter that looks like an executive's, snap in the black film cartridge and type with real authority.

The black nylon is not quite so authoritative but is more economical. One cartridge lets you type about 325,000 characters.



FOUR YEARS OF COLLEGE AND BEYOND

We could make some remarkable statements about how we test our typewriters. But that's not really necessary.

Most typewriter retailers have typewriters on display.

Type a few sentences on a Smith-Corona. Snap a cartridge in and out. Smith-Corona looks and feels strong because it is strong.

So, for your high school graduate, we suggest you follow this simple formula:

Buy a doctor a Smith-Corona when he or she graduates from high school.

Buy a lawyer a Smith-Corona when he or she graduates from high school.

Buy a successful businessperson a Smith-Corona when he or she graduates from high school.

ANYONE
who owns
ANYTHING
should make
a Will!

You needn't be wealthy to warrant a Will! In fact, the less you have to leave your loved ones, the more important it is to conserve it and make the most of it.

We, as executors of many estates, know the pitfalls, the endless difficulties and bitter disappointments that result from "homemade" Wills, or worse, from no Will at all!

Let our estate planning officers have the opportunity of explaining to you our valuable services in the construction of a well planned Will.
